

Scholar Support Programme (SSP)

Annual Report

Govt. Victoria College, Palakkad

2019-2020

Scholar Support Programme (SSP)

Scholar Support Programme (SSP) provided an opportunity for imparting personalized additional support to needy students through tutorials, external mentoring, etc. Internal Quality Assurance Cell (IQAC) after consulting with the teaching departments identified the subjects for SSP tutorials. Students who are poor in their studies in the selected subjects were identified and from them forty students were selected from first year and fifty students each from second year and third year UG courses for scholar support programme.

Fifteen faculty members were selected as internal mentors and each of them were given a team of eight/ten students. A coordinator is also selected for the programme. The details are given below. The internal mentors conducted tutorial sessions to their wards. The small group size of students helped the teachers to give individual attention and care to each student.

In the SSP tutorials the difficult topics in the identified subjects were explained to the students and the level of understanding is continuously assessed *via* conducting viva voce as well as series of test papers. The SSP tutorials certainly helped the students to gain confidence in the subject and prepare for the university examinations as well as competitive exams.

This year the Scholar Support Programme also included a number of general mentoring sessions to improve mentees' English language skills, basics of English, learning skills, personal growth and competitive exams training for their all-round development and to enhance employability.

Out of Rs.1,89,500/- received as SSP fund for the financial year 2019-20, an amount of Rs. 1,89,500/- was utilized for the programmes as per the guidelines. The duly signed utilization certificate and statement of expenditure along with year wise list of Internal mentors, students, external mentors, details of mentoring sessions (internal and external) conducted in connection with SSP and a few photographs are also attached.

We are thankful to The Department of Higher Education and Department of Collegiate Education, Govt. of Kerala for the financial assistance and we express our gratitude to The State Coordinator Dr K Murugan and his team for their guidance and support.
